BURKE'S PEERAGE AND BARONETAGE

NOW READY. PRICE 38s.

THE DICTIONARY OF THE PEERAGE AND BARONETAGE.

TWENTIETH EDITION.

1858.

BY SIR BERNARD BURKE,
ULSTER KING OF ARMS.

This PEERAGE AND BARONETAGE is the only work extant which combines the full genealogical or past, as well as present, account of ALL the PEERS and BARONETS of the realm, and of their collateral branches. The BARONETAGE, precisely in the same manner as the PEERAGE, with which it is here incorporated, is complete in every detail as to the Lineage and actual condition of each Baronet and his family. The book further gives an equally ample record of British Subjects bearing Foreign Titles; of Peerages recently extinct; and of Peerages claimed, their claimants, and the grounds of claim. The heraldic department is also peculiar, since it includes not only the engravings of the arms of both PEERS and BARONETS, but moreover the written blazon or descriptions of the arms, together with explanatory translations of all the Mottos. In fine, all information that can possibly be required with regard to PEERS or BARONETS, whether Past or Present, is to be found in this single volume.
